

Graphic Design Brief

Project title: ctrlZ Social Media Design Series

Executive Summary

This project is focused on creating a set of six original social media posts and a social media page mock-up that showcase ctrlZ's personality: bold, youthful, and disruptive. The designs should be visually striking, scroll-stopping, and able to communicate the ctrlZ spirit while remaining consistent with our brand guidelines (attached separately). The objective is to experiment and unleash creativity — giving ctrlZ a strong, memorable presence on platforms like Instagram and TikTok.

Your task

- Design six unique social media posts (carousel/static/motion ideas welcome).
- Create a mock-up of a full ctrlZ Instagram page to visualize how the posts look together.
- Posts can explore different creative themes such as:
 - Introducing ctrlZ (mission & vibe).
 - Student freelancing lifestyle.
 - Event teasers or highlights.
 - Playful or humorous Gen-Z inspired content.
 - Creative typography-led design.
 - Bold visuals showcasing ctrlZ branding (waves, colors, etc.).
- Deliver posts in Instagram 4:5 ratio and Story (9:16) format.
- Provide editable files in Illustrator/Photoshop, plus exports (JPG/PNG).

Graphic Design Brief

Tips for themes

- Keep it visually bold, experimental, and Gen-Z friendly.
- Use ctrlZ brand colors, fonts, and wave elements — but remix them creatively.
- Think outside the box: memes, minimalism, typography art, or collages.
- Ensure the 6 posts look strong individually and cohesive as a set.

Target Market

ctrlZ community, students, and Al Salam Bank management

1. ☐ You only have 1 Hour
2. ☐ You cannot use any ready templates
3. ☐ You can only use illustrator and Canva
4. ☐ You cannot use any external assets
